WORK EXPERIENCE

Web Developer (Remote) | Raysol Solar Tech Pvt. Ltd., Jalgaon

Feb 2024 – Present

- Developed and maintained responsive, high-performance websites using React.js, JavaScript, HTML, CSS, and Bootstrap.
- Integrated REST APIs to deliver dynamic, real-time functionalities, improving user engagement.
- Collaborated remotely with backend developers and designers to create user-friendly, visually appealing interfaces.
- Optimized UI for performance, reducing average page load and ensuring cross-browser compatibility.
- Managed version control and collaborative workflows using Git and GitHub.
- Delivered multiple projects on time and within quality standards, contributing to the company's client satisfaction.

Software Developer Trainee | Numetry Technologies, Pune

Jan 2025 – May 2025

- Completed a 4-month traineeship in the Software Development department, actively contributing to client and in-house projects.
- Conducted technical interviews for prospective interns and successfully hired multiple candidates.
- Assigned tasks, mentored, and guided a team of interns, ensuring project goals and timelines were met.
- Managed both team coordination and hands-on development simultaneously, delivering high-quality solutions.
- Developed and optimized web applications with a focus on performance and user experience.
- Maintained professional communication across teams and upheld high standards of work quality.
- Recognized for overall performance as "Good" in the final evaluation.

CERTIFICATION

Certified Full Stack Developer Giri's Tech Hub (8 months) Hands-on training in React.js, Spring Boot, MySQL, REST APIs, and responsive UI development.

PROJECT

Courses Management App (React.js, Spring Boot, MySQL)

Developed a full-stack application with CRUD operations and REST API integration. Designed a responsive UI and implemented secure data management for smooth operations.

Online Feedback System (HTML, CSS, JavaScript, Java, SQL)

Built a responsive feedback interface with real-time data storage in SQL. Enhanced usability and ensured secure database handling for accurate feedback records.

Personal Portfolio Website (React.js, HTML, CSS, Bootstrap)

Designed and developed a fully responsive personal portfolio to showcase skills and projects. Integrated GitHub links and optimized website for performance and SEO.
